

CIRCULAR NO. 06 OF 2024

TO : ALL MEMBERS OF STAFF

FROM : COMMISSIONER GENERAL

COPY : DEPUTY COMMISSIONER GENERAL

: EXECUTIVE DIRECTOR CORPORATE SERVICES

: HEAD, PERFORMANCE MANAGEMENT DIVISION

DATE : 25TH MARCH 2024

**SUBJECT : BOARD APPROVAL OF THE REVISED PERFORMANCE
MANAGEMENT POLICY AND GUIDELINES**

The Board of Directors during their third quarter meeting of the 2023/2024 Financial year, approved the revised Performance Management Policy and the Performance Management Guidelines.

The Performance Management Policy and Guidelines have been developed to provide guidance for managing organizational and individual performance in the Authority and it sets forth the procedures by which performance of employees shall be appraised in a fair and transparent manner.

There are several key features in the Policy worth noting and these include:

Establishment of Performance Validation Committee

- i. The establishment of the Performance Validation Committee at Organizational level and Divisional level to play a vital role in upholding the integrity and effectiveness of the Performance Management System.
- ii. The Committee shall ensure that there is fairness, accuracy, alignment with the Authority's goals, and continuous improvement of the performance appraisal process.

Performance Rating and Scale

Employee's performance shall be assessed and rated using the 6-level rating scale for reporting overall employee performance as follows:

RATE	DESCRIPTION	SCORE	EXPLANATION
5	Outstanding Performance	Above 115%	Work performance that is consistently superior to standards required for the job.
4	Exceeds Expectations	101%-115%	Work performance that is consistently above the standard of performance for the position
3	Meets Expectations	86%-100%	Work performance that consistently meets the standard of performance for the position
2	Improvement Needed	71%-85%	Work performance that does not consistently meet the standard of performance required for the position. Serious effort is needed to improve performance
1	Unacceptable Performance	Below 70%	Work performance that is inadequate and inferior to the standard of performance required for the position. Performance at this level cannot be allowed to continue.

T	Too Early to Assess	T	Used where an employee has worked in the Division or Section for less than 2 months
----------	----------------------------	----------	---

Assignment of a final score shall be done during a validation process where the score for an individual employee shall be determined considering their individual performance against their objectives relative to the performance of their peers.

The score assigned to an employee shall be the basis as to whether an employee should be rewarded for meeting performance expectations or put on Performance Watch or Performance Improvement Plan for failure to meet performance expectations.

Performance Consequences

- i. Where an employee has demonstrated effort in achieving a target of at least 71% but has failed to meet the expected target of 86%, the employee shall be put on Performance Watch (PW) for 3 months.
- ii. An employee who has a Performance appraisal score of 70% and below at the end of formal appraisal shall automatically be placed on a Performance Improvement Plan (PIP) for 6 months.
- iii. An employee who has been placed on Performance Watch or Performance Improvement Plan program shall not be considered for interviews or promotion until they have been vacated from the PIP or PW and their next performance review has been rated "meets expectations".
- iv. Where, on completion of the performance review process, an employee is dissatisfied with the outcome of their score or rating, they may appeal to the Performance Appeals Committee in line with the procedures that have been set out in the Performance Management Guidelines.

Performance Reward

The Authority shall reward and recognize employees who achieve a performance score of 86% and above, based on validated and approved performance results.

The detailed Performance Management Policy and its Guidelines are attached to this memo. Please go through the Policy and the guidelines for your further understanding.
